The ICPR 2024 Organizing Committee invites proposals for tutorials in conjunction with the 27th International Conference on Pattern Recognition, which is to be held at Kolkata, India during December 1-5, 2024. We seek tutorials on core techniques, application areas and emerging research topics that are of interest within the ICPR community. An effective and informative tutorial should provide a broad introduction to the chosen research area as well as in-depth coverage on selected advanced topics.

Proposals that focus exclusively on the presenters' own work or commercial presentations are not acceptable.

#### Guideline for Submitting Tutorial Proposals.

To propose a tutorial, a PDF file containing the information outlined below must be submitted by email to [icpr2024tutorials@gmail.com](mailto:icpr2024tutorials@gmail.com)

The proposal should contain the following information:

- Proposed tutorial title
- Names, titles, affiliations, emails, and brief bio sketches of the people delivering the tutorial
- Name and email of the lead person for communication and responsibility
- Preference for half- or full-day event (the latter requires a brief justification)
- Tutorial description with list of topics to be covered, along with a brief outline and important details; any innovative pedagogy employed; any hands-on participation, etc.
- Expected target audience, in terms of both composition and estimated number of attendees.
- List of citations and/or URLs to relevant publications and/or products of the tutorial presenters and other relevant related work.
- A description of how this proposal relates to tutorials/short courses appearing at ICPR (and also other major related conferences) within the last two editions.
- A description of and/or links to any planned materials or resources to be distributed to attendees.
